

AS OF NOVEMBER 2017

# OPTIMUM 9200A 2ND GENERATION

Optimum's Powerful Motor  
Meets Quality And Simplicity

BPA  
FREE

## KEY FEATURES

### 2L BPA-FREE Jug

2 Litre BPA-free heat-resistant Jug made by Eastman Tritan, with Imperial and Metric Gradation. Includes tight-seal blending jug lid, small lid.

### Intuitive Control Panel

Precise, fine-tuned manual control: offering the ability to set the time and speed to the exact parameters you desire, or pulse first for increased smoothness.

### Preset Buttons

Preset Blending Time for smoothies (blends automatically for set period of time, perfect for juice bars and people on the run; 20, 30 & 45 seconds)

### Steel-forged 6-Blade Assembly

State of the art 2-in-1 Stainless Steel 6-blade cutting assembly - Crushes ice, nuts and fruits in seconds

## WHAT CAN YOU PREPARE IN THE OPTIMUM 9200A?

### Smooth Smoothies

Kale, lettuce, celery, spinach, mints, cucumber, bananas or carrots, the Optimum will make sure your green smoothie is smooth and not fibrous.

### Delicious Nut Butter

Chocolate Hazelnut, Peanut Butter, Almond Butter... you name it! The Optimum will make the most delicious preservative-free nut butters, using only one ingredient.

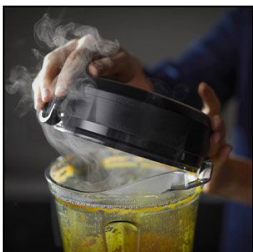

### Crush Ice

The commercial-grade 3.8 Horse Power motor allows the Optimum to crush large quantities of ice in seconds, perfect for smoothies, slushies and ice cream.

### Frozen Fruit Ice Cream

The Optimum turns your favourite fruits into a fat free, preservative free, beautiful guilt-free bowl of ice cream.

### Hot Soups

The same blender which can make frozen ice cream can also make steaming-hot soups from all natural ingredients in less than 10 minutes! The Optimum's incredible speed, allows the blender to heat the contents through friction heat.

### Spreads & Dips

Whether you prefer a silky-smooth hummus dip or a chunky tomato salsa, the Optimum is here to help, offering you a range of dips and spreads to choose from.
